OUTLINES.

At the International Conference of Cotton Growers and Spinners in Atlanta yesterday plans were laid for placing the cotton industry from the planting of the seed to the time the mills turn out the goods under one great organization of planters and spinners, this body to be composed of a committee from the five existing organizations now allied with the great industry; the sea island growers and all others on both sides of the water will be included.——The Bishops at the triennial convention of the Episcopal Church in Richmond, Va., yesterday decided to recommend no changes of the canons on marriage and divorce at this meeting; the Huntington preamble occupied most all day in the House Deputies and during the discussion North Carolina and Virginia had a little brush as to where the church was first founded in America; there were one or two other sensations on the floor during the day, but all were smoothed over and the question at issue went over until today.——In the second of the games for the world's baseball championship at Chicago yesterday the Cubs won from the Tigers in a score of three to one; the game was long drawn out by reason of slow pitching and the attendance was not quite up to the standard of the opening day; the receipts yesterday were nearly $40,000, which is divided between the commission, the clubs and the players.——At the Standard Oil inquiry in New York yesterday it was shown that millions of money was loaned by the trust to "outside interests," the nature of which Mr. Rockefeller will be called upon to explain.——Hundreds of lives were endangered and cross-town electric transportation was paralyzed by a bad fire in New York car barns yesterday.——There was nothing of interest yesterday from the President's hunting camp down in Louisiana.——The Western Union stockholders met yesterday in New York, but no action was taken in regard to the telegraphers' strike; it was stated that the subject was not brought to the attention of the stockholders at all.——A Chicago physician yesterday recovered $100,000 in court from the estate of a wealthy woman, wife of a theatrical manager who had promised to remember him in her will in consideration of exclusive personal attention during the remaining days of her life.——New York markets: Money on call, firm 2 to 6 per cent., ruling rate, 5 3-4 per cent., closing bid 2, offered at 2; cotton closed quiet at 11.95; futures opened steady and closed steady; flour was firm and higher; wheat firm, No. 2 red, $1.10 elevator; corn firm, No. 2, 73 1-2 elevator; oats firm, mixed 54 1-2; turpentine quiet; rosin steady.

Columbia is to have a pleasure driveway and will call it a boulevard. Boule for Columbia.

The Baltimore American says that "swearing was never practiced by a gentleman or lady." Our office boy says "de gentmens don't need no practice."

Even should the national capital be made "dry" many Congressmen would have to be taken in out of the wet, as usual, between midnight and daybreak.

Verily, the sweet singer of the Newbern Sun hath his reward. The $50,000 bond issue for which he fought so valiantly was carried by an overwhelming majority.

Mr. Bryan says very few are defeated for the third time in the race for the Presidency. Has any one except Grover Cleveland ever tried it? And was he not twice elected?

The negroes of Keokuk showed small appreciation of the eternal fitness of things when they presented the President with a gold-headed cane. A "big stick" would have been more appropriate.

If our memory is not at fault Colonel Theodore Price predicted eight-cent cotton for December. Possibly, but would the Colonel like to sell a few thousand bales for December delivery at that price?

The St. Louis Globe-Democrat says: "People lie by instinct and tell the truth by education." Yes, we observe sorrowfully that there is a fearful amount of illiteracy in the world—much more, if the G. D. is right than the statistics show.

When it is argued that prohibition is not enforced in communities where public sentiment is against it, the Pros. reply that the law against murder is not always enforced. But they never contend that there is any sentiment in favor of murder in any community.

Governor Johnson, of Minnesota, says he is not a candidate for the Presidency. He says, further, that he has known personally for three months that Mr. Bryan was a candidate. Nevertheless, the Star considers the Minnesotan's chances for the nomination better than those of the Nebraskan.

WATER WORKS AGAIN

Conference of Committees Representing All Parties at Interest This Evening.

QUESTION TO BE CONSIDERED

Manner of Payment Will Be Discussed in Event Price Agreement is Reached—Call Issued Yesterday—Public Interested.

It is expected that the water works question so far as it concerns the purchase of the present plant by the city will be definitely decided at a conference of committees representing the Board of Aldermen, Board of Audit and Finance and the Clarendon Water Works Company tonight at 8 o'clock at the City Hall. It will be recalled that in rejecting the proposition of $140,000 payable in city bonds, the company suggested the conference of committees representing all the interests involved and it is in line with this suggestion that the city officials have agreed to meet with the water works people tonight. The meeting will presumably be private, but some definite announcement as to what has been accomplished will be expected after the meeting and will be awaited with interest by the public which has manifested a keen interest in the negotiations.

As the committee from the Board of Aldermen regards the situation the conference is not for the purpose of making a larger offer on the part of the city unless it is shown that more should be paid. On the other hand, it is understood, that the chief feature of the deliberations will have to do with the manner of payment in case a sale is consummated. The Clarendon Water Works Company has some $80,000 bonds outstanding and it is said that it is entirely within the bounds of reason that the company will expect at least this amount in cash so that the bonds may be liquidated. The bondholders would hardly be expected to take the city bonds in payment for what they regard as a cash investment and it would be unfair for the city to force the bonds on the company which just at present might have to dispose of them at a discount. However, these questions will have to be met when a price has been agreed upon for the plant. It is regarded as quite desirable that the city should buy the existing plant if a reasonable sum is named, for the water works would prove a paying investment from the start, whereas the laying of a new system would involve the operation at a loss for several years with the interest on the bonds to meet each half-year. On the other hand there is a strong public sentiment that the company should not be allowed to "unload" on the city and there appears no likelihood of this as the city officials have been and are still looking to their interests carefully.

The conference tonight between the three parties at interest in the conference is expected to finally settle the matter and any action that may be taken is expected to be ratified early at a called meeting of the Board of Aldermen and Board of Audit an Finance which will finally pass upon the contract for any sale.

Chairman T. W. Wood, of the committee from the Board of Aldermen, is especially anxious to reach some conclusion in the matter at once as he expects to leave in a few days for a minor operation for some throat trouble. He and his committee have worked valiantly on the problem and if a satisfactory settlement is reached, it will be due largely to them that the city's interests have been carefully safeguaded in every process of the negotiations.

An Afternoon Wedding.

At the home of the bride's brother, Mr. S. W. Evans, No. 1016 North Fourth street, yesterday afternoon at 3 o'clock Miss Hattie Evans, formerly of Jacksonville, N. C., but now of this city, was united in marriage to Mr. William H. Harts, of Rocky Point, N. C. The wedding was very quiet, only a few friends and relatives and friends having been in attendance. The bride and groom received the congratulations of those assembled and later left for their home at Rocky Point where the groom is a successful truck grower. They have the best wishes of many friends for their future happiness. The ceremony was performed by the Rev. A. J. Parker, pastor of Bladen Street M. E. Church.

THE BASEBALL PENNANT

Teams That Will Do Battle at Hilton Park For Championship Honors Saturday Afternoon—Y. M. C. A. and Monarchs.

There is quite as much Wilmington baseball interest in the question of who will win the pennant in the City League at Hilton Park next Saturday afternoon as there is National interest in the great championship series now being played in Chicago and Detroit between the Cubs and Tigers of the big leagues. The doubleheader scheduled for the afternoon at Hilton Park between the Y. M. C. A. and Monarchs will decide the local contest and to whom will go the strip of bunting for which the clubs have been striving so assiduously all season. The Y. M. C. A. leads the Monarchs since the games of last Saturday but the margin is too close for comfort and the Y. M. C. A., which stood at the top nearly all the season is going to make a supreme effort to retain the mastery of the league. The Monarchs led for a single week and believe that it is entirely possible that they can make a garrisonian finish of the season and carry off the honors. There will be no jockeying for time and the like Saturday afternoon; the teams go in to do or die and the crowd should be large to witness the games.

The scheduled games between the other two teams of the league will probably give way to the Monarchs and Y. M. C. A. and two full games will be played. Green, the steady twirler for the Monarchs will be in the box for his team and either Parker or Irving will do the honors for the Association. There is great interest in the outcome of the contest and not a little bandiage is being indulged in by the members of each team on the streets during the week. The moving picture theatres have been utilized to call attention to the series and a large crowd is expected to cheer their favorites and hand out dismay to the opposition.

THE EARL OF WILMINGTON

Picture of Distinguished Nobleman for Whom Wilmington Was Named.

Through the courtesy of Mr. James Sprunt for whom the copy was made by Mr. Bosdet, of the Royal Academy of Arts in England, city officials were yesterday permitted to see in the Mayor's office at the City Hall a striking likeness of the Right Honorable Spencer Compton, Earl of Wilmington, for whom this city was named more than 168 years ago. The picture was displayed on an easel and the Mayor detailed two members of the police force to guard the valuable painting while it was on exhibition, this being for the two-fold purpose of seeing that no harm came to the valuable piece of work and as an honor to the distinguished nobleman from whom the municipality gets its name. During the afternoon and an hour in the morning members of the Board of Audit and Finance and members of the Board of Aldermen with other city officials called to take advantage of the rare privilege offered by Mr. Sprunt and which was highly appreciated.

It is understood that Mr. Sprunt has consented to later place the picture on exhibition where it may be seen by a larger number of the people of Wilmington. Several outside the pale of city officials yesterday called at the Mayor's office and were given an opportunity of seeing the likeness and admiring the work of art by Mr. Bosdet. There is a quickening interest in the earlier Colonial history of the city and times and the work of Mr. Sprunt in this regard has been great. He is deserving of the highest commendation of his efforts at research which are usually successful as was the case in securing this picture of the Earl of Wilmington.

REV. C. R. W. KEGLEY RESIGNS

Popular Wilmington Pastor Urges His Congregation to Accept.

It will be a source of great regret not only to members of his own congregation but to the general public of Wilmington to know that Rev. C. R. W. Kegley, pastor of St. Matthew's English Lutheran Church, is urging upon his people to accept his resignation in order that he may accept a call to a wider and more inviting field at Bluefield, W. Va. Six weeks ago Rev. Mr. Kegley tendered his resignation for the purpose of accepting the Bluefield call but the resignation was not accepted. Now the call to the West Virginia congregation has become even more urgent and Pastor Kegley has asked all members of his congregation to be present at the service at the church tonight to consider the matter again.

It is to be hoped that St. Matthew's can make it plain to Rev. Mr. Kegley that it is in the line of his duty to remain here. He is one of the most active and energetic ministers of the gospel in Wilmington and he and his good wife have made a great many friends in this city and it would be hard for them to give them up. Mr. Kegley is deservedly popular and the whole people of Wilmington have felt his kindly influence among them so long that it would be exceedingly hard for them to see him go.

BOWEN VS SEABOARD

Important Railway Damage Suit Will Be Called in Superior Court To-Day.

$50,000 IS AMOUNT ASKED

Mistrial in Action Brought by Capt. Burriss Against City of Wilmington—Water Works Suits Continued—Other Proceedings.

Nearly all day in the Superior Court yesterday was taken up with the clearing of odds and ends on the docket, preparatory to beginning first thing this morning the important damage suit of Capt. John D. Bowen against the Seaboard Air Line, which it was feared earlier in the week, could not be reached at this term. The continuance of a number of cases that had precedence on the docket until yesterday, however, makes the trial of the cause at this term possible and the case will be taken up this morning at 9:30 o'clock.

During the proceedings of the court yesterday it became evident that the jury, after a deliberation of 24 hours, could not agree on a verdict on the $10,000 damage suit brought by Capt. J. A. Burriss against the City of Wilmington, and a mistrial was the result. It is understood that the jury stood seven to five in favor of the plaintiff on an answer to the first issue, which was "Was the plaintiff injured by the negligence of the defendant?"

The case will come up again at the next term of court.

An important proceeding yesterday was the continuance of the suits against the Clarendon Water Works Company, brought by Gaston D. Phares & Co., the furniture dealers, and the Willard Bag & Mfg. Co., for recovery of losses in fires, which it is alleged were not controlled by the firemen on account of the lack of sufficient fire pressure on the water hydrants as required by the contract of the company with the city. The continuance was for the defendant company on account of the absence of Fire Chief Chas. Schnibben, who is North on his vacation. The continuance being for the company when the plaintiffs were present and anxious to try, Judge Biggs ordered that the witnesses for both sides who have been kept in daily attendance during the week be paid their per diem by the defendant.

The following divorce proceedings were granted: Horace T. King against Lula E. King, grounds of adultery. Susan Goodman against Charley Goodman. A juror was withdrawn and a mistrial resulted in the divorce proceedings brought by P. L. Smith against Annie R. Smith, there being some defect in the papers which are allowed to be amended.

Nonsuits were taken in cases of Caroline Scarborough against Geo. O. Gaylord and others; E. J. W. Anders against A. C. L. Railroad Company; Caroline Scarborough against Chas. Michaelis.

The following cases were continued by consent: Mamie V. Jones against Dempsey Jones, Chas. McMillen against R. R. Bellamy, Chas. McMillen against J. A. Taylor, Richard Dammon against A. C. L. Railroad Company, Agnes B. Biddle against Mary Martindale and others (order for survey), Hannah Box Shook Company against A. C. L. Railroad Company, 39 cases. J. D. McLamb against C. R. L. & P. Co., Behrends Riley Furniture Company against A. C. L. Railroad Company, four cases. Sternberger Bros. against Atlantic Coast Line, 12 cases, Wilmington Furniture Company against W. T. Mercer and others, New York Life Insurance Company against H. L. Fennell, Cape Fear Machine Works against Angola Lumber Company, and Inter-State Lumber Company, Chadbourn Sash, Door & Blind Company, against I. Shrier.

In the penalty suits of Jas. H. Scull against the Atlantic Coast Line, which was called first thing in the morning, a juror was withdrawn and a mistrial was ordered.

In the suit of Edward Wooten against the Atlantic Coast Line, it was ordered that complaint be filled in 30 days or plaintiff be non-suited. This, upon motion of Messrs. Davis & Davis, counsel for the railroad.

The damage suit brought by Capt. Bowen against the Seaboard Air Line is for $25,000 actual and $25,000 punitive damages and it is expected the trial will consume the balance of the term. Capt. Bowen's attorneys are Messrs. Bellamy and Bellamy and Herbert McClammy, while the railroad is represented by Messrs. John D. Bellamy & Son and Maj. John D. Shaw, of Rockingham.

Capt. Bowen was injured on Sunday night, July 22nd, 1906, while conductor on the Wilmington-Charlotte passenger train, which was in the terrible wreck near Hamlet in which so many people were maimed and injured. The complaint alleges that the passenger train was being operated to Wilmington and that it was in collision with No. 39, which was running in two sections; that the defendant did not regard its duty to provide a safe passage for the plaintiff's train, but on the contrary wrongfully, negligently, wilfully, wantonly and carelessly disregarded this obligation toward the plaintiff and all others on the train in that it did not safely carry and convey the plaintiff by failure to exercise due care in operating, directing, managing and maintaining said train of which plaintiff was conducted in order to avoid a collision between the trains running back and forth; that it did not employ careful, competent, skilful, prudent and sober servants and agents to handle, control, direct, manage and operate its trains upon the said line of railway; that as the train of which the plaintiff was conductor was proceeding toward Wilmington, when it reached a point a mile and a half beyond Hamlet, a collision occurred, the trains were badly wrecked and between 25 and 30 persons were killed and between 30 and 40 injured; that the plaintiff was thrown violently to the floor of the coach in which he was riding, being seriously and permanently injured about the head, arms, ribs, spine, hips, back and kidneys while he also suffered internal injuries in a rupture of the tissues in the region of the kidneys, confining him to his bed for three months and incapacitating him for any occupation since that time.

A special venire has been summoned from which to select a jury and several hours are expected to be taken up with this preliminary this morning.

THE BIG RACING MATINEE

Much Interest in Card Presented by Wilmington Driving Association This Afternoon—Many New Entries are Promised.

If the weather is at all favorable a very large crowd of the devotees of the sport will journey out to the race course on the Old Fair Grounds, near the County Home, this afternoon to witness what is confidently predicted will be the banner event of the season on the local turf. Considerable improvements have been made to the grounds and to the course, a grand stand being included in the conveniences offered the public for seeing the various events. The card as given in yesterday's paper put the sports to figuring and inquiring and the several numbers on the programme will be watched with interest during the afternoon. There are several new harness horses and in the running races there may be some surprises for those who have been tacking their faith on the old favorites. The entries are larger in number than at any previous meet of the Wilmington Driving Association this season.

In the 2:30 trotting and pacing event the horses entered are Barney, driven by Arringdale; Jack of Diamonds, driven by Mills; Billy S., driven by Greene, and Traveler, driven by McEachern.

In the 2:40 pacing and trotting race will be seen Patti, driven by Emerson; Pet, driven by Littig; Queen, driven by Caldwell, and Sir Hanna, driven by Wrede.

In the 2:50 trotting race Miss Wilkes is entered by McMillan; Jim, by L. Jones; Bessie C., by Taylor, and May, by McEachern.

In the running race will be seen Sorrel Bobby, Lady Laundry, Daisy, and Virginia B., all well known on the local turf.

STRICKLAND-HOLMES.

Mr. Henry Edgar Holmes and Miss Mattie Burbank Strickland.

Last evening in the parochial residence of St. Thomas' Catholic Church, on Dock street, Rev. Father C. Dennen performed an impressive wedding ceremony, which joined in marriage according to the holy rites of the church Miss Mattie Burbank Strickland, the accomplished daughter of Mr. and Mrs. S. D. Strickland, of this city, and Mr. Henry Edgar Holmes, a son of Mr. and Mrs. Mumford Holmes, and a young man held in the highest esteem by all who know him. There were present to witness the ceremony a number of friends and rlatives of the bride and groom and these with many others after returning to their home extended the happiest felicitations upon an event which meant so much for the happiness of the young people. Mr. and Mrs. Holmes will make their home at No. 306 Harnett street.

NEWS FROM RALEIGH

Governor Appoints Delegates to Conference of Textile Men and Organized Labor.

REPORTS FROM FARM LABOR

Congressional Campaign in Fourth District—W. P. Mangum Turner Goes to Lexington to Practice Law—Other Notes.

(Special Star Correspondence.)

Raleigh, N. C., Oct. 9.—Governor Glenn appoints as delegates from North Carolina to the conference of representatives of the textile manufacturers and of organized labor to be held at Nashville, Tenn., October 14th, Caesar Cone, of Greensboro; B. F. Mebane, Spray; J. S. Scott, Jr., Alamance and S. B. Tanner, Concord.

Charters are issued for the Richford Telephone Company, of Davidson county, principal office High Point R. F. D. capital $2,000 by D. M. Haywood and others. The Bad Debt Collection Agency, Statesville, with privilege of removing to Charlotte, capital $10,000 authorized and $500 subscribed by F. N. Hampton, J. B. Frix and others.

Assistant Commissioner of Labor and Printing Shipman says reports coming in from the farmers are largely to the effect that since the general advance in the wages paid farm laborers a big per cent. of negroes have gotten so that they work only about half the time they used to since they can now manage to live on the wages they receive for half their time. He says many of the farmers in commenting on farm labor conditions also take the position that the labor question with them is being rapidly settled among themselves by installing improved labor saving machinery and by getting down to personal work themselves. Much chariness is manifested by farmers in their reports to the department as to the advisability of foreign immigration.

Today three new rural school libraries were authorized in the State Department of Education for Mecklenburg and two for Anson county.

Hon. Ed W. Pou, Congressman from this, the Fourth District, spent last night and today here. He said he was here on some legal business and also incidentally to look into matters relating to his candidacy for the Democratic renomination for Congress next year, the campaign for this nomination being already well launched owing to the fact that there is strong opposition, W. M. Russ of this county and R. H. Hayes, of Chatham being in the race with strong followings. Mr. Pou says his health is steadily improving in spite of persistent reports to the contrary that are being put in circulation, and that he is receiving assurances from every quarter of the district that his support in the next convention will be ample to assure the nomination.

Comrade B. D. Jarrett died at the Soldiers' Home this morning aged 70 years. He was a member of Co. M, 31st Regiment and had been in the Home the past year. He died of heart disease.

Mr. W. P. Mangum Turner, for sometime past city editor of the Raleigh Evening Times, retires from that paper to take up the practice of law at Lexington, N. C. He is a young man of decided ability and his many admiring friends in all parts of the State confidently expect him to win a high degree of success speedily.

The State Board of Education approves the award of contract for the erection of the buildings of the colored State Normal at Fayetteville at a cost of $7,658, to E. J. Humphrey, of Fayetteville. The board also passed a resolution directing the trustees of the Colored State Normal to proceed with the erection of an administration building for the school there at a cost of $11,500.

The State Department of Education is notified of elections for local tax for improvement of schools just carried in Rosindale and Elkton districts of Bladen county.

PRETTY MORNING MARRIAGE.

Miss Eva Murphy Becomes Attractive Bride of Mr. O. L. Jones.

At the home of the bride's mother, Mrs. Sarah Murphy, on Walnut street, yesterday morning at 9 o'clock, a quiet but very pretty wedding ceremony performed by the Rev. Alex. D. McClure, pastor of St. Andrew's Presbyterian Church, in the presence of a number of admiring friends and relatives, joined in marriage Miss Eva Murphy and Mr. O. L. Jones, of Pelham, Ga., both well known and popular in this city, where the bride has resided for some years, and where the groom has frequently visited. The home was very attractivly decorated for the occasion and the marriage scene was a beautiful and impressive one. After the solemn words were spoken that made the young people man and wife, they received the happiest felicitations of those assembled and were accompanied to the Atlantic Coast Line station, whence they departed amid a shower of best wishes on the northbound train for a wedding trip. They will make their home in Georgia, where the groom has a responsible position and is held in the highest esteem by all in the circle of his acquaintance.

THE TRUCULENT THEODORE.

It was not difficult to foresee that the insolent interference of President Roosevelt in the municipal campaign in Cleveland, Ohio, would be vigorously resented by the people of that city. It is something new in this country for a President to disregard the dignity of his position and descend to the level of petty politics. Not so with the versatile rough rider now in the White House. When his political interests are menaced, directly or indirectly, he springs into the arena with all the ardor of his exuberant nature. He does not hesitate to solicit, through his agents, funds for his campaigns; he decapitates recalcitrant officeholders, and he writes and talks for candidates whose success will enhance his own political power.

So, the Truculent Theodore brings his personal influence to bear in the contest for the mayoralty of Cleveland. He has induced Representative Burton to become a candidate in opposition to Tom Johnson, who has been thrice elected mayor by increased majorities. But Cleveland is normally Republican by five thousand majority and the city must be "redeemed, regenerated and disenthralled." A presidential campaign is on; Roosevelt's man Friday is a candidate; Ohio, must be made solid for him; the insurgent Foraker must be retired to private life. So, all the influence of the Administration will be felt in the Cleveland campaign, and Tom Johnson must look to his laurels.

Undoubtedly, Burton's promised reward, whether elected mayor or not, is the United States Senatorship now held by Foraker, who must be humiliated and disgraced because he dares oppose the plans of the imperious Roosevelt. Does any sane man suppose that Burton would become a candidate for mayor if there were not an ulterior design in the movement?

But a significant feature in connection with this contest is the fact that a number of influential Republican papers in the North are outspoken in condemning the interference of the President in the Cleveland campaign. The Buffalo Commercial is one of these papers and it expreses its opinion regarding the matter with considerable force and frankness. It declares that "one of the fundamental principles proclaimed by all municipal reformers is the separation of national and local politics," and it is well to add that President Roosevelt has supported this principle in many of his speeches and writings, though he seldom does it in practice and never fails to pose as a champion of good government and honesty in politics.

However, the Buffalo Commercial has made note of these things and contends that no Federal political question can be or should be related to the election of officers of a municipality, for the citizens of the town or city have a business rather than a political question to solve and are better qualified to pass judgment on it than any non-resident politician however high the office he holds.

The action of the President has aroused the resentment of the people of Cleveland who do not intend that the interests of their city shall be subordinated to the schemes and ambitions of partisans who have no concern in its civic welfare. Therefore the Commercial, which has been examining the situation, realizes and admits that "the people of Cleveland, a city normally Republican by a large majority, must have believed that Mayor Johnson, a Democrat, was 'making good' to their advantage because they have elected him three times in succession by increased majorities. Hence the reform view of the situation would be that it was a case for the Clevelanders to decide for themselves.

The prominent part being taken by the President in so small an affair as a municipal election has attracted the attention of the whole country, and the result in Cleveland will be awaited with intense interest; and as he has entered the fight for the sole purpose of promoting personal and party interests, it is sincerely hoped that the people of Cleveland will administer a stern and stunning rebuke to the Truculent Theodore.

CURRENT COMMENT.

—After eating 200 dinners at The Hague, many of the peace delegates are reported seriously run down in health. This suggests the regretful thought that the cause of the Lady Peace might have prospered if she had adopted the traditional mode of addressing herself to a man's stomach.—N. Y. Evening Post (Rep.)

—"The South will benefit through the development of Japanese industry, because the growing demand for raw cotton will steady prices at profitable levels and minimize the ability of other combinations of spinners or speculators to force down prices. The rapid development of rice production in Texas and Louisiana will ultimately enable us to sell large quantities of rice to the Asiatics. This will be an additional source of wealth and it is an additional reason why it is to the interest of the South to lend its influence for peace.—Houston Post (Dem.)

—Mr. Roberts, former director of the mint, said in a recent speech: "A general order for liquidation would absolutely prostrate the business community." We heard Montgomery Blair make a similar remark many years ago. The way Mr. Blair put it was that if the country was called upon to settle up, states, counties, cities, towns, individuals, etc., it wouldn't be able to pay 20 cents on the dollar We imagine that neither Mr. Blair nor Mr. Roberts was far wrong. Hence so much for credit and confidence.—Richmond News Leader (Dem.)

—The owners of Democratic newspapers who stand for tariff reform have no reason to do anything except rejoice that the shoe is beginning to pinch their Republican associates. But how the editor of a high tariff paper can demand, as two score of them did, that the tariff on articles which he used in his business should be reduced, while the tariff on everything that men and their families wear, from shoes to hats, and everything that they put into their houses, from a furnace to the shingles on the roof, should be maintained at its present figure, will be something they will have to explain in the next congress.—Newburg Register (Dem.)

—Prosperity's sweep over the country continues to attract attention. During the past week the cost of living has been still further advanced, and nearly 100,000 men have lost their jobs. The great railroad systems are laying off men in all parts of the country, the United States Steel Corporation dropped 20,000 men from its pay rolls last week, the Pullman Car Company dropped 5,000 men, the General Electric Company dropped 1,500 in one city, and various other concerns let men go because there wasn't work to keep them busy. The great corporations are beginning to "hedge" on expenses, and the working people are the first to feel the pinch of it.—Savannah News (Dem.)

—It would be fortunate, of course, if Congress were to put a veto on the cruise to the Pacific, something that is not likely to occur, but we must hope there is enough sanity in the administration to conduct this hazardous enterprise without embroiling the country. Secretary Taft's kindly reception in Japan the other day as well as the expressions emanating from Japanese statesmen all indicate that Japan is contemplating no attack upon the United States, but that the desire is for more intimate relations and larger commerce. With the Japanese mind set upon peace, it ought to be easy for our own administration to avoid a course calculated to produce irritation.—Houston Post (Dem.)

—An examination of the census will show that our annual lists of homicides range from seven to ten thousand—the highest rate of any civilized country. These figures are appalling. But what is the cause? Mr. Clemons attributes it to inefficient and ignorant detectives, but in all probability the chief cause is simply the inefficient administration of our criminal procedure. In England justice is swift and reasonably sure. Here it is neither. Each criminal trial develops into a battle of experts who fence with the technical rules originally laid down to protect the unjustly accused, but which have now been turned into weapons against the state.—New York World (Ind.)

"Policeman, that ruffian took my wife's arm!" "All right, sir, We'll search 'im at the station."—Punch.

—The man who is always expecting the worst usually regards it as a personal triumph when the worst happens.—Chicago Record-Herald.

—The difference between an epithet and an epitaph is that one is applied to a man before he is dead and the other after.—Philadelphia Record.

—"Were you much hurt in the auto accident?" "Just the merest scratch." "I'm so sorry." — Cleveland Plain Dealer.

"It's generally a mistake," said Uncle Eben, "to lose time f'um huntin' work while you is tryin' to capitalize a hardluck story."—Washington Star.

—Blobbs—Would you consider him a genius? Slobbs—No! Blobbs—Why, he's always trying to borrow money. Slobbs—Yes, but he doesn't get it—Philadelphia Record.

—Freddy—Love, darling, is a disease. Dolly—Yes, and with some it appears to be a lingering disease. And then he called for his hat and cane.—Chicago Daily News.

—He—You know, if you worry about every little thing, it's bound to affect your health. His Wife—Yes, I know. That's one of the things I worry about. —Town and Country.

—"That's the way the thing was told to me, but, of course, there's always more than one side to a story." "Of course there are always as many sides to a story as there are people to blame."—Philadelphia Press.

—Irate Wife (to bibulous husband) —Where have you been until this hour? B. H—Been out shoppin', m'dear. Irate Wife—Then why didn't you have your purchases sent home instead of trying to carry such a load yourself? —Detroit Free Press.

—Jimmy—When you met your boss out to the baseball game did you offer him an apology? Billy—No, I offered him my sympathy. Jimmy—Sympathy? Billy—Sure! Sympathy for de grandmother he had lost de same afternoon.—Chicago Daily News.

—Sunday School Teacher—Tommy, the lesson says it is more blessed to give than to receive. Can you give me an example in which that is true? Tommy Tucker—Yes'm. It's when maw's away from home, and 'stead of writin' to paw she sends him picture cards.—Chicago Tribune.

Why Is Sugar Sweet.

If sugar did not dissolve in the mouth you could not taste the sweet. GROVE'S TASTELESS CHILL TONIC is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth, but do dissolve readily in the acids of the stomach. Is just as good for Grown People as for Children. The First and Original Tasteless Chill Tonic. The Standard for 30 years. 50 cents.

RACE PROBLEM IS UP IN WASHINGTON

Backwardness of Negro Pupils Retards Advancement of the Whites in the Public Schools—Question of Property Rights.

Washington, Oct. 7.—Washington is just now up against two race problems. The one affects her schools and the other her homes.

Superintendent Chancellor, in his annual report, stated a few days ago that the negro schools of the city retarded improvements that would otherwise be made in the white schools. He said that the improvements that he had in mind were not adapted to the negro schools, and that since all schools have to be treated alike, all that could be done is not to make the improvements at all.

This put some negro lawyers on their ears, and they are threatening Chancellor with all sorts of dire things. They want him removed, want a separate school board for negro schools, and other things too numerous to mention.

Chancellor has replied to them, stating that if a negro school board were appointed it would result in little more than the positions as teachers and principals in the negro schools going to the highest bidder, as they did prior to 1900 under a regime of that kind. He further serves notice on the negroes that he will not stand for their acepting fees to secure positions, and announces that hereafter whenever a negro teacher gives a negro lawyer a fee to look after his or her interests in an effort to secure appointment no appointment will be given to such teacher.

The other question is over the right of an individual to sell a house to a negro, even though there has been a covenant not to do so in the deed. The case in point is the suburb of Bloomingdale. When this suburb was built and the houses sold, there was a covenant that they should never be sold or rented to any person with negro blood in his veins. And there was a further lien of $2,000 retained perpetually on each house to be collected only in the event that this covenant was violated. Some one has violated it now, and the matter is going to be taken to the courts. There have been some similar transactions heretofore, but they have been compromised before being passed upon by the courts. All sorts of devious ways have been adopted by the better-to-do negroes to break into the exclusively white districts, and some one has observed that there is no place in Washington where you can get more than half a block away from a negro house. This is not exactly true, but it does indicate a condition that will not be found in any other American city of consequence.

GOLDSBORO ARGUS.

(Charlotte Observer.)

The Goldsboro Arugs has begun its forty-sixth semi-annual volume which, wren completed, will mean twenty-three years' continuous publication under the same management, that of Colonel Jos E. Robinson. The Wilmington Star is the only daily paper in the State which can claim greater age and the same conditions of continuity and control. The Argus is entirely loyal to its home town and people and they to it. It is a high-toned paper, owned and edited by a high-toned gentleman, and The Observer had recent occasion to remark upon the great improvement in it.

SPECIAL TO SUBSCRIBERS.

Advance in Rates of Subscription Beginning October 1st.

Beginning October 1, the subscription rates of The Morning Star will be as follows:

By Mail—One year, $6.00; six months, $3.00; three months, $1.50; two months, $1.25; one month, 75 cents.

By Carrier—Delivered in any part of the city, 50 cents per month either by the month or year.

This moderate advance has been deferred until it has become absolutely necessary on account of the largely increased cost involved in the production of newspapers.

For many years the subscription price of The Morning Star has been lower than that of any other paper of its class in the State.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

—Mr. Alvis Bowden, an old Wilmington boy who now has a responsible position with the Merchants' and Miners' Transportation Company in Baltimore, is in the city to spend a vacation with relatives and friends. He is being most pleasantly received by many former acquaintances here.

—Mr. and Mrs. H. A. Hardin, of Manchester, Va., have returned to the city and their numerous friends will be delighted to know that they have decided to make this their home in the future. Mrs. Hardin before marriage was Miss Annie Ramsey, of this city, and has a great many friends here.

—The many friends here and elsewhere in the Carolinas where he is so well and popularly known will be glad to know that after a four months' stay at Saluda, N. C., there is much improvement in the condition of Captain John M. Walker. A postal card from him on yesterday stated that he would be back at home today.

—Mrs. S. K. Meetze, who has been living with her daughter, Mrs. S. V. Bunting, at 106 Walnut street, will leave Wednesday of this week to spend some time in Florida. She has been a resident of this city for three years and during that time has made many warm friends who will regret her leaving and will wish to see her and her daughter, Miss Alice, return in the Spring.

A. C. L. Agent Convicted.

Mr. W. D. McCaig, of the Atlantic Coast Line, has returned from Florida where he went as a witness in the prosecution of J. W. Jolly, formerly agent of the company at Leesburg, Fla., who was charged with embezzlement and forgery. He was found guilty day before yesterday at Tavares, the county seat, and was sentenced to two years at hard labor in the penitentiary.

New Seaboard Rail.

The force of hands laying the heavy new rails on the Carolina Central division of the Seaboard Air Line have reached a point just a few miles west of Maxton. It will not be many days before the new track will be laid between Hamlet and Maxton, and then track laying will proceed towards Wilmington.

LOCAL DOTS.

—E. A. King was yesterday granted a permit to build a two-story residence to cost $2,000 on corner of Orange street and St. James avenue. W. J. Spooner is the contractor.

—The cases before the police court yesterday were of no interest. Several defendants charged with drunkenness and disorderly conduct were let off with nominal fines and cost.

—Chas. Mulford, white, who recently completed a term on the roads, has again come to grief. He was arrested yesterday evening by Officer J. M. Lord and will have a hearing before the Mayor on a charge of being drunk and disorderly today at noon.

—There will be a meeting of the Home Science Department of the North Carolina Sorosis at the club rooms this afternoon at 4:30 o'clock for the purpose of discussing the year's work. A full attendance is desired.

—The big British steamer King George of nearly 2,500 tons, Capt. Burnett, arrived in port yesterday to Messrs. Alexander Sprunt & Son and will receive a cargo of cotton. The King George was docked by Capt. Edgar Williams yesteray.

—The funeral of Nellie May, infant daughter of Mr. and Mrs. J. B. Coley, of Delgado, was conducted yesterday morning at 10 o'clock by Rev. J. S. Crowley, of Immanuel Presbyterian Church, this city. The interment was in Bellevue Cemetery, where many friends gathered to extend their sorrow to the bereaved ones.

—Handsomely printed invitations to to the Bryan Day festivities in Fayetteville on Tuesday afternoon, October 15th, were received in the city yesterday. The invitation committee is composed of Messrs. C. J. Cooper, J. G. Shaw, F. H. Stedman and L. B. Hale The exercises in honor of the distinguished Nebraskan will begin at 2 o'clock.

DECK HAND DISAPPEARS

William Leonard, Colored, Missing From Tug Sea King.

William Leonard, colored, 30 years of age, a native of Southport and employed for some months as a deck hand on the tug Sea King, Captain Edgar D. Williams, master, has been strangely missing from the boat since Monday night when he was last seen on board where the steamer was tied up just below Springer's coal yard. It is believed that he was drowned and members of the crew of the Sea King have been keeping a lookout in the harbor to see if his body can be found.

Two other men on the boat on the night that Leonard is supposed to have been drowned say that he went ashore and came back on deck about 10 o'clock, slightly under the influence of liquor. He pulled off as if about to retire and sat down on the deck to get cool while the other men went below. The next morning his shoes, trousers and hat were found on the rail of the tug but there was no sign of the deck hand and nothing has been heard of him since. It is now believed certainly that Leonard either sat on the rail, fell asleep and toppled overboard or that while he was staggering around on the boat, he fell into the river.

FIRE DEPARTMENT NOTES.

Capt. Canady Doing Well—Injured Horse—The New Truck.

People are not yet through talking of the accident to Hose Company No. 2 on Monday at Fourth and Princess streets. It was the worst misfortune the Fire Department has suffered in many years. The friends of Foreman Canady will be glad to know that he continues to do well in the hospital and is cheerful and bright. The horse which was so badly injured is improving and has been sent out to Mr. Harry Kidd's place, where it is being given the run of a meadow until he is ready to go back in the service. Fortunately the reserve horses and one that was being driven to the chief's buggy have been placed temporarily in the service and the department is not greatly handicapped. The new combination hose wagon and chemical engine has been stationed at Fourth and Campbell and No. 3 wagon has been sent to Sixth and Castle station until the other wagon has been repaired. This arrangement is quite satisfactory and the new machine had its first real test to the fire last night. It is a remarkably fine piece of apparatus.

AN ACCIDENT AVERTED.

Log Cart and Team Across Seaboard Tracks Yesterday.

The passenger train which arrived in Wilmington from Charlotte yesterday afternon made a narrow escape from being wrecked at a country road crossing a few miles east of Hamlet. While the train was bowling along at full speed, the engineer observed right ahead of him across the railroad track a wagon loaded with a saw log bound for an adjacent saw mill. The emergency brakes were put on, but it was too late. The pilot of the locomotive struck the obstruction, smashed the wagon and threw the saw log into the ditch parallel with the track. An old darky driving the team had to jump off and took to the woods, while a pair of mules, apparently unhurt, broke lose, or were torn lose from their harness and ran off across the country. Had the large log dropped across the track instead of being thrown to one side there might have been a more serious story to tell.

His Dear Old Mother.

"My dear old mother, who is now eighty three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellet appetite, feels strong and sleeps well." That's the way Electric Bitters affects the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by R. R. Bellamy, Druggist. 50c.

POPULAR YOUNG PEOPLE WED

Miss Mary Etta Kerr Attractive Bride of Mr. John R. Morris.

A quiet but withal a very pretty and impressive marriage ceremony was performed yesterday afternoon at the parsonage of Grace Methodist Episcopal Church when Mr. John R. Morris, a clever and popular young Wilmingtonian, led to the altar Miss Mary Etta Kerr, the attractive young daughter of Mr. and Mrs. J. T. Kerr, and they were made man and wife in a solemn service impressively spoken by Rev. N. M. Watson. There were present only a few intimate friends and relatives of the bride and groom and these joined later with hundreds of friends in extending the happiest felicitations to the young people. After the wedding the bride and groom repaired to their future home in this city, No. 523 North Third street, where they received a cordial welcome.

The bride is a young woman much loved and admired in a wide circle of friends and the groom is held in the highest esteem by all in his acquaintances. He is the well known manager of "Candycapps," on Princess street and is a young business man of exceptional ability. The wedding is of much interest to many friends of both Mr. and Mrs. Morris.

FIRE LAST NIGHT.

One-Story Dwelling Damaged—Capt. Monroe Suffers an Injury.

The alarm of fire from box 112 and box 35 at 7:12 o'clock last night called the department to No. 316 North Tenth street, a one-story dwelling owned by Mrs. M. E. Grafflin and occupied by David Kennedy, colored, an incipient blaze having been started from a defective chimney. The damage to the dwelling and contents was about $200, a part of the furniture and household goods having been removed. The damage to the building was covered by insurance, but the colored tenant had no insurance against his loss, which included $25 in money. This was between two mattresses and was apparently lost on the floor as the bedding was being gotten out.

During the fire Acting-Chief W. P. Munroe ran a nail into his foot, but is not incapacitated thereby. His wound was dressed at the hospital which is directly across the street from the burned house.

THE OPENING SATURDAY.

Cape Fear Golf Club to Have Interesting Tournament This Week.

All the details for the formal opening of the season by the Cape Fear Golf Club have been arranged and members are looking forward to the event with much pleasant anticipation. Beginning at 3 o'clock on the green there will be a mixed foursome tournament for both ladies and gentlemen and the number of entries is expected to be quite large. A beautiful cup has been offered for the ladies and a prize for the gentlemen making the best scores during the play. After the match tea will be served at the pretty country house of the club on the grounds.

It is much regretted that the club could not arrange to send a team to Greenville, S. C., for the match with the club of that city today. Mr. Geo. W. Brunson, Jr., is a leading member of the Greenville Club, and it was through him that the challenge was sent to the Wilmington players.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by R. R. Bellamy, Druggist. 25c.

FAIR EXCHANGE.

A New Back for an Old One—How it Is Done in Wilmington.

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Follow the example of this Wilmington citizen.

R. F. Rowan, clerk with L. W. Davis' Clothing house, residing on Castle street, between Sixth and Seventh, Wilmington, N. C., says: "I strained myself lifting a heavy box, and suffered great pain across my back for a long time. I used plasters and liniments, but they did me no good. I could hardly stand up straight, my back was so weak. Seeing Doan's Kidney Pills advertised in our newspapers I went to Bellamy's drug store and got a box. I felt better the next day and continued using them according to directions and my back regained its old strength. I was simply surprised at the result. I will gladly recommend Doan's Kidney Pills every time for backache."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

MISTRIAL IN ROBESON

Suit Against Estate of Late Berry Godwin for Recovery of Money.

(Special Star Telegram.)

Lumberton, N. C., Oct. 9.—In the Superior Court here early this morning the jury in the case of Mrs. Dora Ward against A. W. McLean and Stephen McIntyre, executors of the estate of Berry Godwin, after being out all night reported that they could not agree, eleven favoring the plaintiff and one against whereupon the judge ordered a mistrial. Attorneys for the plaintiff were Iredell Meares, of Wilmington; H. F. Seawell, of Carthage; John Y. Smith, of Atlanta; Wade Wishart and D. P. Shaw, of Lumberton. The defense was represented by Colonel N. A. McLean, of Lumberton, and M. Bickett, of Louisburg. This was a suit brought by plaintiff for six thousand dollars for nine year domestic services in the home of Mr. Godwin.

Stole Case of Whiskey.

Elijah Williams, colored, was locked up at the police station last night about 10 o'clock on the charge of the larceny of a full case of whiskey from the saloon of Martin VanOesen, Fourth and Nixon streets. Williams was so bold in his theft from the store that he had hardly gone a block before he attempted to sell the liquor for some trifling amount. Some one in passing heard of the negro and Mr. VanOesen and others in the store went out after him. He was caught and held until Policeman W. C. Moore came up and made the arrest.

Fire This Morning.

The alarm of fire at 1:18 this morning from box 22 was on account of a small blaze on the second floor of the Elite Market building, northeast corner of Second and Market streets. A match carelessly dropped near the head of the stairs most probably caused a blaze that damaged the building about $100 which was covered by insurance. The second floor is occupied by the family of Capt. Geo. W. Grimstead, while the building belongs to Mrs. E. Vollers.

Four Per Cent. Dividend Declared.

Notice is given in the advertising columns of the Star today that four percent. dividend on the capital stock of the Murchison National Bank is due and payable at the bank today. The Murchison is one of Wilmington's safest and most conservatively managed institutions and the dividend to be paid today is an evidence of its value to the city and its stockholders.

GOVERNMENT TO STEP IN.

May Take Charge of Jamestown Exposition to Reimburse Itself.

(Special to Times-Dispatch.)

Washington, D. C., Oct. 8.—There is a strong probability that as soon as Secretary Cortelyou gets back to Washington, the government will take over the management of the Jamestown Exposition, or at least will take charge of the financial end of it. Former Director General Barr has had a talk with Assistant Secretary Edwards, and it is gleaned from what is picked up here and there that the Treasury Department does not expect to get much over $250,000 of the million-dollar loan returned.

The rumor is a persistent one around the treasury that Mr. Geddes, now in charge of the government exhibit at the Exposition, will be given control of its finances, so far as the gate receipts are concerned, though nothing definite was given out on the subject today.

Whatever happens, the government will have no chance to reimburse itself beyond what it is able to get out of the gate receipts. The Exposition people refuse expressly to pledge its real estate to secure the government loan when the matter was pending and pledged only the current income of the Exposition oyer and above actual operating expenses to secure the repayment of the loan. Even if the government should decide later to take over the property for military or naval uses, it could not get a cent of the loan back in doing so.

Norfolk, Va., Oct. 9.—Information reaching here from Washington to the effect that the government may take hold of the Exposition, according to the terms of the act providing for the $1,000,000 loan, caused no surprise in business or other circles here. It is improbable that $100,000 could be collected between this and the date for the closing of the fair, November 30th.

BIG DAMAGES FOR DOCTOR.

Gave Rich Woman Exclusive Attention and Recovered $100,000.

(By Wire to The Morning Star.)

Chicago, Oct. 9.—A jury today rendered a verdict against the estate of the late Mrs. Harriet B. McVicker in favor of Dr. L. C. H. Ziegler for $100,000. Mrs. McVicker was the widow of James H. McVicker, the well known theatrical manager of this city, and for many years the owner and manager of McVicker's Theatre. She died several years ago in California, and Dr. Ziegler claimed $100,000 from the estate by virtue of a contract which he said he had made with Mrs. McVicker to give her his exclusive attention during the remainder of her life. She, according to the claims advanced by Dr. Ziegler, was to leave him that amount in her will. After her death the physician brought suit to recover the sum, and the jury awarded him the full amount of this claim.

EMPEROR FRANCIS JOSEPH

Austrian Monarch is Seriously Ill at Castle Apartment.

(By Cable to The Morning Star.)

Vienna, Oct., 9.—The condition of Emperor Francis- Joseph, who is confined to his apartments at Schoenbrunn Castle, suffering from an attack of bronchial catarrh is pronounced to be unsatisfactory.

After a consultation of three prominent physicians on the Emperor's condition they expressed themselves reservedly, simply declaring that the utmost care of the patient was necessary. Yesterday the Emperor's temperature was 101; this evening it was 102 1-2.

WARM WIRELETS.

Cases against William Britton and Elbert Hargis, charged with complicity in the murder of Dr. B. D. Cox, at Jackson, Ky., were dismissed yesterday by Special Judge W. B. Moody on motion of the State for lack of evidence.

Petitions for an election on the question of elimination of whiskey from Montgomery county, Ala., were circulated yesterday. A majority of the qualified voters are required to sign the call for an election. Enthusiasm is high and the prospect is that 75 per cent. of the men will sign.

Edmund L. Patton, aged 81 years and well known in Southern educational circles, died at his apartments in Washintgon city last night. He was formerly president of Erskine College, Due West, S. C., and of West Tennessee College, Jackson, Tenn., and for many years professor of dead languages in the University of South Carolina.

RAILROAD COMMISSIONERS.

National Convention in Session in Washington This Week.

(By Wire to the Morning Star.)

Washington, Oct. 9.—Contrary to expecation little evidence was adduced at today's sessions of the nineteenth annual convention of the Association of State Railway Commissioners to indicate that the members were opposed to the National legislation enacted or to the policies of the National administration as they are understood to be toward the railways of the country.

The nearest it came to antagonize the ideas of President Roosevelt was in the report of the committee on the "powers, duties and work of State Railway Commissioners." The report of the committee on "amendment to the act to regulate commerce" created some discussion and finally was amended so as to express the views of the convention that no rate should go into effect until a hearing had been held to determine its justice and reasonableness.

HE WOULD BE A HERO.

Colorado Man Who Sent Infernal Machines to Bankers.

(By Wire to The Morning Star.)

Denver, Col., Oct. 9.—Kemp V. Bigelow, arrested yesterday for sending infernal machines through the mails to Governor Buchtel, David H. Moffat and C. B. Kountz, confessed early today that lack of money was the impelling motive of his acts. To Police Commissioner Hewitt and several newspaper men he said that he had conceived the idea of sending the dynamite after warning the recipients in the hope that he would thereby become a hero and reap financial rewards from the wealthy men whose lives he had saved.

TO EXTEND FOREIGN TRADE.

Memphis Man May by Appointed as Agent Abroad.

(By Wire to the Morning Star.)

Washington, Oct. 9.—Secretary Strauss, of the Department of Commerce and Labor, is considering the appointment of Albert G. Perkins, of Memphis, Tenn.,, to succeed James L. Benton, as special agent to investigate markets abroad for cottonseed products. The appointment of Mr. Perkins is strongly urged by the Inter-State Cotton Seed Crushers' Association. Mr. Benton has made several reports of value on this subject, but tendered his resignation on account of ill health.

EXPOSITION ATTENDANCE.

New Director General Makes Public The Figures Withheld.

(By Wire to The Morning Star.)

Norfolk, Va., Oct. 9.—For the first time in the life of the Jamestown Exposition, Director General Alvah H. Martin today made public the Exposition attendance figures, his statement showing a total of 2,198,173 admissions from April 26th, the opening date, up to and including September 30th.

Mr. Martin said he considered it time for public to know just waht the Exposition attendance had been.

—Newbern, N. C., Oct. 8.—The special election held here today for a bond issue of $50,000 for street improvements was carried by an overwhelming majority. The vote was light, but the result was unequivocally in favor of better streets. The provision of the ordinance adopted was relative to sidewalks, but it is believed that an appropriation will be made in the future providing for the pavement of streets. The majority was 333 votes. The campaign was very quiet, many citizens not realizing the importance of this first step towards a substantial municipal improvement. There is great rejoicing.

—Fayetteville Observer: Rev. Charles Cogdell, who lives in Cedar Creek, got hold of too much bad liquor last night and as a consequence the officers of the law are after him with a warrant charging him with an assault with intent to kill on his wife, and an assault on his brother-in-law. He first attacked his wife with the loaded end of a buggy whip and beat her unmercifully and she only saved her life by escaping from the house to the home of her father, Josh Rone. The Rev. Cogdell then went to the home of his brother-in-law and attacked him with a big stick, cutting several great gashes in his head. Both of the victims of the assault were in town today and swore out the warrant before 'Squire Overby. They could assign no other cause for the attack than that the man was in a drunken frenzy."

COOKING EXHIBITION

of the Great Majestic Malleable and Charcoal Iron Range at Our Store

ONE WEEK, MONDAY, OCTOBER 7th TO 12th, INCLUSIVE

FREE!

$7.50 SET OF WARE

With every Majestic Range sold during this Cooking Exhibition, we will give absolutely FREE one handsome set of ware as shown. This ware is worth $7.50 if it is worth a cent. It is the best that can be bought. We don't add $7.50 to the price of the range and tell you you are getting the ware free, but sell all Majestic Ranges at the regular price. You get the ware free. Remember this is for exhibition week only. Ware will not be given after this week. This ware is on exhibition at our store, and must be seen to be appreciated.

Come in any day during the week. Make our store your headquarters. Have coffee and biscuits with us.

Come if you intend to buy or not; the information gained will serve you in the future.

Facts About The Great Majestic Range

It is the only range in the world made of Malleable and Charcoal Iron.

It has, beyond any question of a doubt, the largest and best reservoir.

It uses about half the fuel used on other ranges, and does better work by far.

The Majestic All Copper Nickeled Reservoir heats the water quicker and hotter than any other. It is the only reservoir with a removable frame.

The Charcoal Iron Body of the Great Majestic Range lasts three times as long as a steel body.

Being made of non-breakable material, there is practically no expense for repairing the Majestic.

As for baking, it is perfection, not only for a few months, but for all times to come.

A GREAT MAJESTIC RANGE lasts three times as long as a cheap range, but it don't cost three times as much.

PROOF—We don't ask you to take our word for any of the above statements, but if you will call at our store, a man from the factory, where Majestic ranges are made, will prove to your satisfaction, that these are absolute facts, and will show you many more reasons why the Great Majestic Range is absolutely the best that money can buy.

EVERYBODY WELCOME!

SPIRITS TURPENTINE

—Salisbury Post: Dr. J. B. Council has word that his brother, Judge W. B. Council, who has double pneumonia at his home in Watauga county, is slightly improved. Dr. Council goes to see him again this week.

—Wake Forest, Oct. 8.—At a meeting of the faculty of Wake Forest College this afternoon five students, three sophomores and two juniors, were suspended for thirty days for hazing. The charge brought against them was making freshmen dance. There is considerable excitement among the students on this action of the faculty and many of the boys are thinking of leaving.

—Goldsboro Argus: The good people of Pikeville have recently gotten together as never before for progress. They have got a good town, backed by one of the best farming sections in Eastern North Carolina, and its moving spirits—who are almost the entire population of the town, have determined to make their town go. Today they are holding an election on special tax for better schools, and as we go to press a phone message from there says it is going to be carried unanimously.

—Newbern Sun: An Onslow gentleman who was in this city last night informed the Sun that a shooting scrape occurred at Verona, Onslow county, yesterday in which the horse of Ed Blake was killed by a load of shot intended for Blake himself. A row started between the two men in a field where hay was being mowed, when Hudson threw his gun up to his shoulder and shot, evidently intending the load for Blake, but struck Blake's horse instead, killing the horse.

—Greensboro, N. C., Oct. 8: The quietest election ever known in Greensboro was held here today when the city was called upon to vote on an issue of bonds amounting to $125,000 to pay off the floating indebtedness of the city. The election was easily carried, there being only eight votes against the issuing of the bonds. So slight was the interest manifest in the election that only 518 out of the 2,000 qualified voters registered and 339 of these cast their votes in favor of the bond issue while it required only 261 votes to carry the election.

—Winston-Salem, Oct. 8.—Thomas D. Lacy, passenger engineer for the Norfolk and Western, his run being between this city and Roanoke, Va., while asleep arose from his bed about 12 o'clock Saturday night, raised the window, opened the blinds and leaped out, falling on a brick pavement a distance of about 30 feet Besides breaking his right leg near the hip, Mr. Lacy sustained painful bruises on the head. Mr. Lacy is unable to explain his action. "I must have been dreaming about my train and been in a hurry about something," said the engineer today. He regards his escape from death as miraculous. It is thought that he will be laid up for at least six months.

—Greensboro, N. C., Oct. 8.—The board of trustees of the Stonewall Jackson training and industrial school were in session here tonight from 8:30 until after midnight, for the purpose of adopting a set of by-laws and selecting a site for the proposed reformatory for North Carolina. Nine out of the fourteen members of the Board were present. Propositions were heard from a number of towns in the State seeking to induce the board to locate with them; among them, Concord, Statesville and Greensboro. After carefully considering, it was decided to leave the matter to the auditing committee with power to act. It is thought the site will be located within the next sixty days.

—Smithfield, Oct. 8.—The town commissioners tonight appointed N. M. Lawrence, N. B. Grantham and E. H. Brooks a committee to investigate into the cost of installing electric lights, water and sewerage and they were authorized to employ a civil engineer to survey and plot the town and estimate the cost of putting in these systems. It begins to look as if Smithfield will soon get out of her old rut and move forward. The county commissioners yesterday directed the clerk of the board to advertise for the building of judge's and jury rooms to the court house—much needed improvements.

—Salisbury Post: An Asheville special of the 7th stated that if Asheville goes dry today (which it has) the prohibitionists will immediately turn guns on Salisbury and that an early election here is among the probabilities is inferred. It has been understood since the meeting of the anti-saloon league in Raleigh last winter that Asheville, Winston-Salem and Salisbury in turn were to be taken in hand but it seems that Salisbury is to be first served. Rev. R. E. Neighbour, who has been leading the anti-saloon forces here was asked this morning if it is proposed to hold an election in the near future. He replied that no steps had been taken so far as he knows to call an election in Salisbury, but added that if Asheville goes dry it would inspire Salisbury to follow suit.

NEW YORK STOCK MARKET.

(By Wire to The Morning Star.)

New York, Oct. 9.—There were evident signs of a renewal of liquidation of securities today the current selling with special clearness through the low priced stocks, those selling below 40 being most affected. The majority of the stocks in this classification sold today at the lowest prices of the year and made wide declines in the course of the day's dealings. Other low priced stocks both among the railroads and industrials especially among the non-dividend payers came into the movement today. Amsterdam selling was attributed to difficulties peculiar to that market and was not associated with condition of the properties the stocks of which were being sold. On the domestic side, however, industrial and financial conditions were an influence and promoted liquidation supplementary to that for foreign account. Growing misgivings are caused by the persistence of rumors of falling off in orders for various classes of equipment and of reduction of labor forces in several industries. Both the railroad and electrical equipment stocks suffered acutely today from the dissemination of rumors of this kind, and the authoritive denial of some of them did not relax the pressure upon the stocks. The United States stocks were specifically affected by reports of intended steel rail production by several rival companies. The reports of net earnings of railroads for August in several recent instances show such inroads upon gross earnings by growth of operating expenses as to affect the net showing materially. The increase in the volume of the market and declines running up to three or four points for some of the active stocks show how effective were these various considerations on the market.

Bonds were heavy. Total sales, par value were $1,734,000. United States bonds were unchanged on call.

Total sales of stocks today were 716,000 shares including Copper 88,300; Smelters 45,700; A. C. L. 300; C. & O. 4,700; L & N. 2,100; N. & W. 1,200; Pennsylvania 24,000; Reading 91,000; S. Railway 110; do preferred 1,200; Union Pacific 117,100; steel 64,400; do preferred 21,700; V. C. 200; Northern Pacific 37,300; Sloss Sheffield 200.

THE COTTON MARKET

(By Wire to The Morning Star.)

New York, Oct. 9.—The cotton market was less active today and fluctuations were irregular with the close steady at a net decline of 3@7 points. Sales were estimated at 175,000 bales.

The opening was steady at a decline of one point to a net advance of one point, which was about as due on the cables. The weather map showed no sign of damaging frosts in any part of the belt, which was somewhat disappointing to recent buyers, and during the early session prices sold off to a net decline of about 3@4 points in the active months. This was followed by a rally on a renewal of covering by December shorts and a little support from the bull brokers, but after selling up to a net advance of 2 points on December and about even with last night's close on later months, the market weakened again during the afternon under selling by Wall street bears and at one time the active positions showed a net loss of about 7 to 8 points. The close was a little up from the lowest on covering.

Receipts cotton at the ports today, 34,442, against 27,771 last week and 46,646 last year. For the week, 225,000, against 217,697 last week, and 344,541 last year. Today's receipts at New Orleans, 7,961 bales, against 10,972 last year. At Houston, 6,987 bales, against 13,112 last year. Spot closed, quiet; middling uplands, 11.95; middling Gulf, 12.10; sales, none. Futures opened steady and closed steady.

What's the Use

of paying more for an article through prejudice, than you can buy for less, that's just as good?

Take Whiskey, for Instance.

We make but one charge—just for whiskey—that's all. When you pay more than we ask for our whiskey you are being taxed for something else besides the whiskey.

Now "WHAT'S THE USE" of you paying an excess to anybody for imaginary superiority—when we have the same goods, but are content through immense volumes of sales, to break even on profits—instead of "hikeing up" the price beyond the point of giving you value received.

"CHESTERFIELD" products are "AS GOOD AS THE BEST FOR LESS." That's the reason "CHESTERFIELD" Whiskies are popular.

EPISCOPAL HOSTS STILL IN SESSION

Bishops Decide For no Change in Canons on Marriage and Divorce.

THE HUNTINGTON PREAMBLE

Discussed Most All Day in House of Deputies—Clash Between North Carolina and Virginia on Colonial History.

(By Wire to The Morning Star.)

Richmond, Va., Oct. 9.—The sixth day's session of the Episcopal convention was one of intense interest for important matters were discussed in both the upper and lower houses, while an interesting missionary meeting was held by the Woman's Auxiliary. The most important action taken by the House of Bishops was in voting down the motion made by the Bishop of Albany, making still more stringent canons on marriage and divorce. The bishops decided that during this convention no change would be made in the canons on this subject which are now in effect.

Hardly had the House of Deputies begun its business this morning when word was brought to the president, Dr. McKim, of Washington, that Dr. L. M. Blackford, one of the most distinguished members of the general convention and headmaster of the Episcopal high school, the church's school near Alexandria, Va., had been fatally injured by a motor car owned by Deputy Robert C. Fruyn, of Albany. The president at once ordered that al business cease and the prayers of the house were offered for Dr. Blackford's speedy recovery. Later in the day it was officially announced that Dr. Blackford was not seriously injured.

The entire day was spent in a discussion of the now famous preamble offered by Dr. Huntington, of New York, and approved by the committee on canons. Amendments without number were offered to this preamble, the most important of which was the substitution of the words: "The word of God" instead of the words as offered in Dr. Huntington's preamble "The Record of God's Revelation of Himself in His Son."

A most spirited debate followed the amendment which was offered by the Rev. Mr. Shayler, of Chicago, and which finally prevailed. Later in the day another amendment was carried which resulted in both expressions being used. Mr. Joseph Bryan, of Virginia, offered as amendment that the words "Seventeenth Century" be stricken out and "in the year 1607" be inserted as describing the foundation of the church in America.

A delegate from North Carolina attempted to amend the preamble by striking out the words "in Virgina" as the place where the church had its first foundation in America, insisting that the church was first founded in North Carolina in 1587. This amendment was overwhelmingly voted down by the deputies.

During the discussion of the phrase "the word of God" Dr. Thomas Nelson Page, the author, and Dr. Cyrus T. Brady, another author, took a prominent part.

Dr. Brady created a sensation by his criticism of one of the bishops and was called to order by the Rev. Dr. Grosvenor of New York. Dr. Brady, however, was able to continue his criticism by alluding to the bishop as a "high church dignitary" and he kept within the rules.

Rev. Dr. Wilmer, of Georgia, created another sensation when he placed himself on record as being in sympathy with the doctrines of the Bishop of Michigan, and was roundly hissed a number of times by certain deputies and by people who were seated in the galleries.

At the end of the day's session, the preamble had been so amended that a vote was ready to be taken, but on account of the objection of the Rev. Dr. Roberts, of Fond do Lac, this important matter was postponed until Friday morning at 11 o'clock in order to allow Dr. Huntington opportunity to be present.

At the missionary meeting held under the auspices of the Woman's Auxiliary, Miss Emery, of New York, presided. Among the speakers were Miss Packard, of Brazil, Mrs. Kinsolving, wife of the Bishop of Brazil, Mrs. Jenkins and Mrs. Evans, of Alaska, Mrs. Funston, wife of the Bishop of Boise, and Deaconess Drant, of the Chinese mission of San Francisco.

The men's offering which was announced at a great mens meeting tonight amounted to $775,000.

VIRGINIA ANTIQUITIES.

D. A. R. Presents Pilgrim's Rest House to State Society.

(By Wire to the Morning Star.)

Norfolk, Va., Oct. 9.—At Jamestown Island today the Daughters of the American Revolution transferred to the Society for the Preservation of Virginia Antiquities a memorial "rest house" built under appropriations by the Continental Congress of the D. A. R., for the comfort of "Pilgrims" to the cradle of the Nation, where Sir Christopher Newport and his band of cavaliers founded the first permanent English settlement in America three centuries ago. The transfer was with appropriate exercises in the presence of a large company of New York and Virginia Daughters of the Revolution and Representatfves of the Virginia Antiquities Society. Mrs. Donald McLean, of New York, president general of the Daughters of the American Revolution, made the presentation address.

COTTON INDUSTRY IN GIANT COMBINE

Important Action Taken Yesterday by International Conference at Atlanta.

ONE GREAT ORGANIZATION

Five Existing Associations Will Appoint Members of Committee Which Will Control Affairs For Mutual Good of All.

Atlanta, Ga., Oct. 9.—When the plan adopted this afternoon by the International Conference of Cotton Growers and Spinners goes into effect the cotton industry of the world, from the time of the planting of the seed to the time the mills turn out their goods will be under one great organization of planters and spinners to be known as the "International Committee of Cotton Growers' and Manufacturers' Association". This body will consist of fifteen members, two from each of the five organizations composing this conference and two representing the spinners of Continental Europe and two from the Sea Island Cotton Growers Association, which was admitted to membership in the conference this afternoon. In addition to the two organizations just named the international committee will, therefore, be composed of delegates from the farmers union, the Southern Cotton Association, the International Cotton Spinners Association of Europe, the Association of Cotton Manufacturers and the American Manufacturers Association. The fourteen members or delegates forming the committee will select a chairman from one of the associations represent. The opinion was expressed by several of the leaders tonight that James R. Macoll, of Providence, R. I., chairman of the present conference, and representing the American Association of Cotton Manufacturers will be chosen chairman. Each organization will send the names of its nominees to Secretary C. J. H. Woodbury, of Boston, and when all have been named the chairman will be formally elected.

Two of the affiliated bodies, the Farmers' Union and the Southern Cotton Growers' Association, later took favorable action on this resolution.

The spinners while admitting that cotton speculation was an evil yet did not see how it could be eliminated altogether and the vote of the International Conference was four to one against the conference recommendation.

Government crop reports came in for their share of criticism, here and the conference refused to unite in putting the powerful influence of the great organization behind the movement favoring the discontinuance of the government reports.

Closer trade relations between grower and spinner were discussed at the morning session. A committee report on the subject which was debated yesterday at some length was finally sent back to the committee for revision.

The report at the afternoon session was finally adopted. The conference goes on record as favoring the square bale, as it is preferred by most spinners. The paragraph relating to the housing of freshly picked cotton reads: "Every gin shall be put in the best order possible for the reason that much of the cotton when first picked is green and immature. We recommend that all such cotton shall be housed in a good condition open at least thirty days before being ginned. By this process of curing, the immature fibre continues to grow, evens up in style and by the absorption of oil is given a rich creamery color, is much stronger, more flexible and has a much greater commercial value."

The European delegation will depart tonight on a special train for tour of the cotton states, going through Texas, and returning to New York by way of St. Louis, Chicago, Niagara Falls, and Toronto.

FIRE IN CAR BARNS

Hundreds of Lives Endangered by Blaze in New York.

(By Wire to the Morning Star.)

New York, Oct. 9.—Hundreds of lives were endangered, thousands of persons were thrown into a panic, 125 electric cars used on several cross-town lines were destroyed and property loss to the extent of $400,000 was caused by a fire in the Fourteenth street car barns early today. As a result of the burning of the cars, service on all the cross-town lines was greatly hampered today. Three hundred and fifty horses which were quartered in one section of the big barn were taken out in safety.

The fire had gained great headway when it was discovered and when the firemen arrived the wall separating the big structure from adjoining tenement houses were smoking hot. Instantly the word was given to clear the tenements and the occupants poured into the streets in a panic. From that time on the police were as busy trying to control the frenzied hundreds, most of whom were foreigners, as the firemen were in fighting the blaze which was gaining headway with startling rapidity.

It was not until several priests attired in all their robes, appeared on the scene and walked through the surging crowd imploring the people to calm themselves that anything like order was restored.

In his annual address to the convention of the National Rural Free Delivery Carriers' Association at its session at Atlanta yesterday, President Paul Lindsay, of Georgia, strongly advocated a parcels post system in connection with the United States Postoffice Department.

TIGERS TAKE ONE FROM CHICAGOS

Result of Second Game in World's Championship Baseball Series Yesterday.

WAS RATHER SLOW CONTEST

Indifferent Pitching and Minor Accidents Contributed to This—Attendance 21,901—Football Scores on American Gridirons.

(By Wire to the Morning Star).

Chicago, Oct. 9.—The Chicago National League team defeated the Detroit pennant winners of the American League in the second game of the series for the world's championship this afternoon. The score was 3 to 1. Slow pitching and several slight accidents caused the contest to drag out over two hours, the delays trying the patience of the big crowd which again filled almost every inch of seating room.

Both teams played more steadily than on the opening day. After the first four and a half innings had dragged through an hour and thirty-five minutes some sparkling fielding and sharp hitting and base running hastened the contest to an end.

Mullin and Pfeister were the pitchers and Payne went behind the bat in place of Schmidt. Otherwise the teams lined up as on the preceding day.

Playing conditions were improved for the second game, the crowd numbering 21,901, as against over 24,000 yesterday, while warm sunshine and the absence of the chill breeze of the first day kept spectators and players in more comfort.

Rossman, whose hitting was the real feature of the contest, scored the first run of the game in the second inning. He hit a grounder toward Tinker which bounded away from the short stop and rolled far out to left field, the batsman making three bases on the hit. Coughlin struck out, but Payne lifted a short fly to left field which Tinker might have caught but left it to Sheckard. The ball fell safe and Rossman scored.

Chicago tied the score in its half on the inning, Mullin giving a queer exhibition of poor and good pitching. Kling, Evers and Schulte singled in succession, filling the bases with none out. Then Tinker drew a base on balls forcing Kling home. Right there Mullin suddenly regained control of his curves, striking out Pfeister and Slagle, while the best Sheckard could do was a puny grounder to Schafer.

The winning runs came in the fourth. Tinkers hit, bounced off Mullin's glove. He went to second on a sacrifice and stole third. O'Leary fumbled Slagle's grounder, Tinker scoring. Slagle stole second and came the rest of the way on Sheckard's two-base hit past first base. After Chance had popped out, Sheckard was caught trying to steal third.

After that fast fielding prevented further scoring. O'Leary cut off two hits by marvelous stops and throws in the fifth and repeated the feat in the sixth. Sheckard caught a low fly off his shoe tops in the seventh and the three Detroit runners who reached first base were cut down by Kling's fine throwing.

The teams will play here again tomorrow, and then, unless a postponement or tie game intervenes, will move to Detroit for two games, returning here Sunday.

The score:

	R	H	E
Chicago .. .. ..010 200 00*—3	8	1	
Detroit .. .. ..010 000 000—1	10	2	

Two base hit, Sheckard. Three base hit, Rossman. Sacrifice hits, Sheckard, Pfiester. Stolen bases, Payne, Slagle 2, Chance, Evers, Tinker. Double plays, Tinker to Chance 2; Crawford to Schaefer. Left on bases: Detroit, 5; Chicago, 7. Base on balls, off Pfiester one, off Mullin three. Base on errors, Chicago 1, Detroit 1. Hit by pitcher, by Mullin, Steinfeldt, by Pfiester, Cobb. Struck out by Pfiester 3, Mullent 5. Time 2:17. Umpires, Sheridan and O'Day.

The receipts for today's game, as announced by Secretary Bruce, of the National Baseball Commission, tonight were $26,430. The players will receive $14,272.20 and each club is enriched to the extent of $4,750.40. The National Commission gets the rest $2,443.

STANDARD OIL INQUIRY.

Millions Loaned to Outside Interests. Rockefeller to Be Calld.

(By Wire to the Morning Star.)

New York, Oct. 9.—In the Federal suit against the so-called oil trust, Wesley H. Tilford, treasurer of the Standard Oil Company of New Jersey, today was recalled and testified that the Standard Oil Company, of New York, was a tender of millions of its surplus funds. From a statement of the company it was developed that over $32,000,000 was loaned last year to "interests other than the Standard."

What these interests were and the nature of the loans Mr. Tilford was unable to say. Frank B. Kellogg, the government's counsel, said he would call William G. Rockefeller, the treasurer of the company, to throw light on these loans.

CONDITION OF CROPS.

Agricultural Department Makes Its Report as of Oct. 1st.

(By Wire to the Morning Star.)

Washington, Oct. 9.—The Agricultural Department today reports the condition of corn on October 1st as 78 per cent. as compared with 80.2 per cent. last month and 90.1 on October 1st, 1906. The average yield of Spring wheat is 13.1 bushels per acre as compared with 13.7 bushels for 1906 and 14.7 bushels for 1905. The production of Spring and Winter wheat combined is about 625,567,000 bushels, compared with 735,260,970 bushels as estimated for a year ago. The average yield of oats is about 23.5 bushels per acre as compared with 31.2 bushels for 1906.

The average condition of buckwheat at time of harvest was 80.1 as compared with 77.4 September 1st, 84.9 a year ago, 91.6 in 1905, and a ten-year average of 82.9.

The average condition of potatoes on October 1st was 77.0 as compared with 80.2 last month, 82.2 October 1, 1906, 74.3 October 1, 1905, and a ten-year average of 74.7.

The average condition of tobacco at time of harvest was 84.8 as compared with 82.5 September 1, 84.6 a year ago, 85.8 in 1905 and a five-year average of 81.7.

The average condition of flax for seed at time of harvest was 73.0, as compared with 87.4 in 1906, 91.5 in 1905 and 87.0 in 1904.

The average condition of rice October 1 was 88.7, a compared with 87.2 October 1, 1906, 89.3 October 1, 1905, and 87.3 October 1, 1904.

FATAL POWDER EXPLOSION

Spark Dropped From Pipe and Blew Up Miner's House.

(By Wire to The Morning Star.)

Wheeling, W. Va., Oct. 9.—Four persons were badly injured, two of them fatally, today by a powder explosion in the home of James Johnston, at Maynard, Ohio, about six miles from here. The fatally injured are James Johnston, a miner, burned and mangled; Effie Johnston, his daughter, aged 6 years. The seriously injured are Mrs. James Johnston, burned and bruised; Joe Durdusi, an Italian, badly burned. Johnston and Durdusi were filling their powder can from a keg in the former's home while one of them was smoking a pipe. A spark of the burning tobacco fell into the keg, causing the explosion which completely wrecked the house.

THE PRESIDENT'S OUTING

Very Little Doing Down at Atamboul Yesterday.

(By Wire to the Morning Star.)

Ohara Switch, near Atamboul, La., Oct. 9.—Not since early morning have any tidings been received from the President's hunting camp and that was confined to a mere statement that preparations had been made for a busy day. The best local judges of the conditions express the opinion that the day must have been one of activity, if not results. Rain has left a faultless sky and the temperature is all that could be desired, neither too hot nor too cool. Official business is so quiet that Secretary Latta found it possible to close the temporary white house at the Shields residence for the afternoon and go out for a pecan hunt.

RACING IN KENTUCKY.

General Watts Easily Won the Futurity at Lexington.

(By Wire to the Morning Star.)

Lexington, Ky., Oct. 9.—General Watts today easily won the Kentucky futurity in three straight heats. At no time was the colt ever extended winning as he pleased with his driver and veteran trainer, Mike Bowman, holding the lines in one hand. Bowman was carried around the track in a floral horseshoe. The track was three or four seconds slow.

The futurity which was the great card of the day is worth $22,000 in two divisions.

Female Institution at Millersburg Goes Up in Smoke.

(By Wire to The Morning Star.)

Millersburg, Ky., Oct. 9.—Millersburg Female College was totally destroyed by fire today. The college was established in 1782. It was burned in 1878 but was re-built and has been conducted by Rev. C. C. Fisher. Seventy girl students, chiefly from the Southern States suffered the loss of most of their apparel in the fire. The loss of the college building is about $25,000.

THE HORSE BACK TESTS

War Department Officers Enjoying the Sport Immensely.

(By Wire to the Morning Star.)

Washington, Oct. 9.—The second detachment of officers on duty at the War Department today made the test ride of 15 miles horse back prescribed by President Roosevelt. The start was made from Fort Myer, Virginia, and the course traversed was the same followed by the first detachment in its ride yesterday. The trip was without special incident, all the officers going through the test as on the previous day, without showing signs of distress. Upon their return to Fort Myer, the officers were examined by a board of army surgeons. Major General William P. Duvall, who has charge of the test rides, expressed himself as much pleased with the horsemanship of the officers.

WESTERN UNION STOCKHOLDERS

No Action as to Strike at Meeting in New York.

New York, Oct. 9.—No action bearing upon the telegraphers' strike was taken at the annual meeting of the stockholders of the Western Union Telegraph Company today. It was said after the meeting that the matter did not come before the stockholders in any form nor was it mentioned in any way during the meeting.

The old board of directors was re-elected with the exception that George W. E. Atkins and James D. Layng were chosen to succeed Samuel Sloan and Samuel Spencer, deceased.

CONRIED BROKEN IN HEALTH

Director of Metropolitan Opera House Back From Europe.

(By Wire to The Morning Star.)

New York, Oct. 9.—Broken in health and leaning heavily on the arm of a friend, Heinrich Conried, director of the Metropolitan Opera House, who has been in Europe since the close of last season, came ashore today from the steamer Kron-Prinzessin Cecilie. Mr. Conried said his physicians abroad had advised him that he had neutritis. He said his break down was due to nervous strain over the arrest and finding of Caruso. Caruso, he said, would sing at the Metropolitan Opera House during the coming season.

"All Eurpoe," he said, "laughs at us because of Caruso. The King of England and the Emperor of Austria have received him, and the Emperor of Germany will do so soon. Don't talk to me any more about Caruso. That dreadful thing cost me my health and every time I hear of it I feel worse."

Mr. Conried said he had two new singers, but would not announce their names.

Mrs. John C. Breckenridge, widow of General John C. Breckenridge, one time Vice President of the United States and candidate for the Presidency against Abraham Lincoln, died yesterday in New York city.
